

Mipa 2K-HS-Express-Klarlack ECX 21

Mipa 2K-HS-Express-Klarlack ECX 21 is a high quality high-solid clearcoat based on renewable raw materials. In combination with the Mipa 2K-HS Hardener EHS 25, a significant reduction in CO₂ emissions occurs. Highly effective and universal for all application areas.

- Based on renewable raw materials
- Brilliant clearcoat leveling and optimum flow
- Especially fast force drying
- Highest resistance
