

Mipa PROtect Anti-Fog

Effective sealing

Mipa PROtect Anti-Fog is a highly effective coating system for water-repellent treatment and to seal very different surfaces.

Fogging, condensation, dew and icing are significantly reduced.

- anti-fog coating
- prevents your windscreen from misting up and improves visibility for safer driving
- resistant to dirt and condensation

Set:
1x 50 ml PROtect Anti-Fog | 1x Micro fibre cloth | 2x Application pad

Item-No.: 26960 0000
